8. GENDER-BASED VIOLENCE PREVENTION AND RESPONSE

Policy Thrust

To prevent and respond to the high prevalence of gender-based violence (GBV).

Objectives

- To facilitate increased access to resources for GBV-response services
- To ramp up institutional capacity for gender-based violence response
- Scale up public sensitization and awareness campaigns against GBV.

Strategies and Programmes

8.1 TRACK-IN

This is an integrated programme with GBV stakeholders linking adolescent GBV survivors with empowerment, rehabilitation and reintegration interventions.

8.2 GBV Fund

Under the GIFA Fund, the GBV Fund is a collaborative initiative with practitioners and partners to ramp up GBV-response services.

8.3 GBV Awareness Initiatives

These are campaigns and programmes done in partnership with relevant stakeholders for GBV sensitization, awareness and advocacy.

INTRODUCTION

Engaging in humanitarian activities to improve the lives and livelihoods of the poor and vulnerable in the society is not only ideal and exemplary, it is a global phenomenon.

In contemporary times, improving the wellbeing of families and vulnerable groups in the society has become the primary vocation of most non-governmental organizations in both developed and developing economies.

In this light, Golden Initiative For All is a brainchild of Her Excellency Pastor Mrs. Patience Umo Eno targeted at enhancing family lives.

Borne out of sheer compassionate yearnings, GIFA recognises the critical role that families play in the development of societies. As such, it is poised to address the specific needs of all members of the family.

7.CARE FOR PEOPLE LIVING WITH DISABILITIES (PLWD)

Policy Thrust

To foster rights, inclusivity, and prevent poor socio-economic outcomes among PLWD.

Objectives

- To improve mobility and accessibility for PLWD
- To increase access to income and employment opportunities
- To increase advocacy efforts to promote the rights and wellbeing of PLWD.

Strategies and Programmes

7.1 Lean on Me Project

This project improves mobility and fosters accessibility through the provision of ramps, wheelchairs, wheelchair-accessible entrances and accessible public transport.

7.2 PLWD Employment Services

This initiative is focused on improving access of PLWD to income and employment opportunities by deploying a set of vocational training programmes, entrepreneurship schemes and job placement services.

7.3 PLWD Awareness

This is a sensitization, awareness and advocacy initiative focused on promoting the rights and wellbeing of PLWD in the society.

6. CARE FOR THE ELDERLY

Policy Thrust

To promote healthy ageing among the elderly population

Objectives

- To improve access to age-friendly Primary Health Care Services
- To promote activities that stimulate the abilities of the elderly
- To reduce the social isolation of the elderly

Strategies and Programmes

6.1 Arise Initiative for the Elderly

This initiative scales up the Renewed Hope Initiative Elderly Support Scheme (RHIESS) to reach more beneficiaries with free healthcare services, medical advice, physical and mental health exercises and social connection activities.

6.2 Wheels of Hope for the Elderly

This mobile service promotes access to healthcare services for elderly people.

OUR VISION

GIFA envisions a society
with happy, healthy,
educated, successful, and
sustainable families devoid
of vulnerabilities.

OUR MISSION

The deployment of SMART
multi-pronged empowerment
and support schemes geared
towards enhancing the
wellbeing of families and
vulnerable groups.

THEMATIC AREAS

- Maternal and Child Healthcare
- Enhancing Literacy & Learning
- Improving Environmental Health
- Women Empowerment
- Fight Against Diseases
- Care for the Elderly
- Care for Persons Living with Disabilities
- Gender-based Violence Prevention & Response

5.FIGHT AGAINST DISEASES

Policy Thrust

To reduce the burden of diseases and their threat to public health.

Objectives

- To engage in disease prevention and control awareness in collaboration with critical stakeholders
- To improve access to healthcare services for vulnerable populations
- To implement measures that subsidise the financial burden of healthcare for high-risk populations
- To reduce women's health risks

Strategies and Programmes

5.1 Fight against NTDs and Communicable Diseases Intervention

This intervention focuses on awareness, prevention, and treatment of infectious diseases and Neglected Tropical Diseases (NTDs).

5.2 Wheels of Hope

This project improves access to healthcare services by providing mobile clinics and vaccination to underserved communities.

5.3 Healthcare Fund

Under the GIFA Fund, this intervention subsidises healthcare services for high-risk populations.

5.4 Cancer Screening & Awareness

This initiative provides periodic cancer screening & awareness.

4. WOMEN EMPOWERMENT

Policy Thrust

To advance the economic, political and social status of women.

Objectives

- To create an enabling environment for women's economic empowerment
- To address barriers to women's effective political participation
- Engage in advocacy against harmful traditional norms and practices

Strategies/Programmes

4.1 Gender-inclusive Financing

This initiative focuses on improving women entrepreneurs' access to finance.

4.2 Eka Iberedem Hub

This hub facilitates strategic market linkages and provides access to the marketplace to lift women from informal to formal markets.

4.3 Period Poverty Intervention

This project promotes menstrual hygiene management practices and improves access to safe and affordable sanitary materials in remote communities.

4.4 The Widows Programme

This initiative reintegrates widows through reorientation, rehabilitation and empowerment to promote their stability and dignity.

1. MATERNAL AND CHILD HEALTHCARE

Policy Thrust

To Improve the quality of maternal and child healthcare services

Objectives

- To implement essential care packages for mothers and children
- To improve access to maternal healthcare services
- To sustain care for low-income mothers and their families

Strategies and Programmes

1.1 PatCare

This initiative targets low-income families, provides mother-friendly services and newborn kits with essentials.

1.2 PatCare for Multiple-Birth Families

It cushions the burden on low-income families who are raising multiple babies by providing PatCare kits and services.

1.3 PatCare Living Income Scheme

It provides low-income families pathways to higher incomes.

2. ENHANCING LITERACY AND LEARNING

Policy Thrust

To improve access to quality education and training

Objectives

- To promote academic excellence
- To develop the educational capacity of marginalized populations
- To develop applied (soft) skills among pupils and students

Strategies and Programmes

2.1 Keep a Student in School Programme

This program provides higher learning scholarships to the deserving poor.

2.2 School Supplies Programme

This initiative is to supply educational materials to public school children for improved learning conditions.

2.3 Adult Education Initiative

It boosts the opportunities of marginalised adult populations through learning activities and skills acquisition programmes.

2.4 The Reskilling Programme

This intervention incorporates soft and digital skills in literacy beyond reading and numeracy to prepare students for the future of work.

3. IMPROVING ENVIRONMENTAL HEALTH

Policy Thrust

To promote a clean, healthy and safe environment.

Objectives

- To promote sustainable waste management measures
- To promote safe Water, Sanitation, and Hygiene (WASH) practices
- To increase environmental awareness among citizens

Strategies and Programmes

3.1 Sustainable Waste Management Initiative

This project provides access to safe waste management measures to maintain clean air.

3.2 The Water of Life Project

This initiative focuses on improving access to clean and safe water supply in the villages.

3.3 The School WASH Programme

A school-based initiative to promote safe WASH practices and prevent the spread of disease.

3.4 Sustainable Environmental Initiative

This project promotes sustainable environmental practices that mitigate the effects of climate change.
