

Congratulations

TO GIFA @2

The Coordinator,
Golden Initiative For All (GIFA),
Akwa Ibom State.

On behalf of the Governing Board and the entire staff of the Akwa Ibom State Health Insurance Agency, I extend my heartfelt congratulations to you and the entire GIFA Family on this remarkable milestone (your two years anniversary).

This past 2 years have been nothing short of incredible. It is a testament to the great vision, dedication, and leadership of our departed mother **Pastor Patience Umo Eno**, who is resting in the bosom of our Lord.

We thank God for the grace as you run seamlessly with the ideology of this wonderful initiative as the First Lady Designate and Coordinator of GIFA. Our noble Lady, you have continued to make significant impacts, fostering growth, innovation, and collaboration within the communities. Your efforts have not only inspired many but have also created a platform for meaningful change and progress especially among the vulnerable population which is our shared interest.

As you celebrate this special occasion, we look forward to witnessing even greater achievements and more partnerships with the Akwa Ibom State Health Insurance Agency especially in the aspect of enrollment and access to care of the vulnerables particularly the elderly, children, pregnant women, people living with disabilities etc into the Health Insurance Scheme in Akwa Ibom State thereby strengthening it in the years to come.

May GIFA continue to thrive and shine as a beacon of excellence, hope and goodwill.

CONGRATULATIONS!

Dr. Edikan Ekwere

Chairman of Board, Akwa Ibom State Health Insurance Agency & SSA (Health Insurance)
